SAVANT | ARTISON SPEAKERS & AUDIO SOLUTIONS

SMART.
WIRELESS.
SURROUND.

A MATCH MADE IN HEAVEN

Artison and Savant work together to deliver premium entertainment solutions with seamless control. Digital audio from source to speaker, Savant's whole-home entertainment systems deliver crystal clear audio to your Artison speakers anywhere in the home.

ARTISON

SMART AUDIO WIRELESS SURROUND

The Smart Audio Soundbar simplifies small project installation by providing everything you need in one package. This incredible all-in-one entertainment solution includes a built-in host, single stream music server, and control ports. Easily paired with wireless surrounds and subwoofers, and a Savant Pro Remote to deliver the complete Savant experience.

SMART AUDIO SOUNDBAR

Incredible audio quality, plus a single stream of Savant Music, integrated control ports, and Savant Host processing capabilities.

SMART AUDIO SURROUNDS

Integrates wirelessly with Smart Audio Soundbars and Subwoofers to deliver a truly immersive entertainment experience.

SMART AUDIO SUBWOOFER

With RCC Vibration Cancelling and AVB wireless technology built-in, the Savant Smart Audio Subwoofer delivers powerful low range audio in a small, unobtrusive package.

PREMIUM SPEAKERS

STUDIO SOUNDBAR

Carbon fiber woofers and midranges, Vifa tweeters, and side-firing stage tweeters, all precision engineered to bring out the finest audio details.

DUAL CENTER LCR SIDE MOUNT

Technological and artistic details blend to create state of the-art sound quality and an emotional experience that is unforgettable.

SURFACE IN-WALL SUBWOOFERS

Heard but not seen, Surface Subwoofers are easily installed into a standard 2 x 4 stud bay, and feature an aluminum enclosure for superior, controlled bass response with zero cabinet vibration.

IP MICRO APERTURE ARCHITECTURAL

IP Audio Micro Aperture in-ceiling speakers are decor friendly, and feature tool-less installation, an internal amplifier and Power over Ethernet.
